Your beauty strikes like a punch out of nowhere
Your passion bites and I'm willing to get there
I heed your eyes, your words leave me silent
I'm paralyzed, your looks almost violent

Take your place behind the wheel
You're in command, take me where you want to
I'm a passenger waiting for departure

Read behind my face of steel
Don't get deceived, I'm human and I want you
I'm a passenger waiting for departure

Take your place behind the wheel
You're in command, take me where you want to
I'm a passenger waiting for departure
Waiting for departure
