On and on (and on and on)
You always talk in different tongues

You say you're in love with me
But are these words meant honestly?

Because you stay away for weeks
Pretending it's the time you need

But I don't believe a word - you say -

The evenings that you spend in town
Unscrupulous you're hanging around

People I'm not meant to meet
It makes me shaky in my creed

You tell me that I fantasize
It's time for you to realize

That I don't believe a word - you say -

I declare our story gone
The way it turned out - much too wrong -

I won't miss you anyway
And all the sweet lies that you say

My life will be light and free
As soon as you will disappear

Oh I don't believe a word - I say -
