It's been a long time since my birthmarks  
Made me fret  
Or I could mindfully admire the beauty  
Of a spinning thread

It's been a long time since my troubles  
Had a name  
But how can I come clear and how  
Can I try to explain

With all those needles through my tongue  
all those needles through my tongue

It's been a long time since I felt necessity  
Or even tried to while away an instant  
Of eternity

It's been a long time since the evidence  
Was clear  
But how can I speak unmistakably  
And without fear

With all those needles through my tongue  
all those needles through my tongue

It's been a long time since my troubles  
Had a name  
But how can I talk unmistakably  
And without shame

With all those needles through my tongue  
all those needles through my tongue
