No one is better than me,  
Everyone is beneath my every deed,  
All my scared Actions  
Should Be claimed Divine

Winning Team  
Takes It all alone

Competing is the key  
Defeating the weak is the way  
Destroy all obstacles  
Exterminate all other forms of life

All My scared actions  
Should be claimed divine

Winning Team  
Takes it all alone

Victory for the sake wining  
Brutality for the joy of killing  
Insanity to create fake sanity  
Socially distorted individual
