[Music: Mika, Rotten Sound]

[Lyrics: Jorma, Keijo]

Like they wear you wear  
Like they think to do you do  
Like they act you act  
Like they don't think you don't think  
Personality, you don't have single one  
Everything in your head is gone  
Follow the big business  
And fall into the emptiness

Stop not to think  
The only way to not is sink  
Do it yourself  
You don't need anybody's help  
Personality, you don't have single one  
Everything in your head is gone  
Follow the big business  
And fall into the emptiness

Stop not to think  
The only way to not is sink  
Do it yourself  
You don't need anybody's help
