The crust that holds your innards is what you lean on  
Intestines inside are as hollow as the crust is thin

Enjoy the emptiness of fake happiness  
Become the rightful owner of the unnecessary

Day by day you drift away from this reality  
Every hour you lose some more of your self-esteem

You keep yourselves busy  
By serving your masters  
Slaves of society  
Ignoring reality

Enjoy the emptiness of fake happiness  
Become the rightful owner of the unnecessary

To gain more material  
To improve exterior  
To strive for excellence  
To become superior

Enjoy the emptiness of fake happiness

Become the rightful owner of the unnecessary

Day by day you drift away from this reality  
Every hour you lose some more of your self-esteem

Enjoy the emptiness of fake happiness
