"Plan"

Planning the retribution
Inventing the sweet revenge
Creation of belief
To the human right to avenge

Berserk soldiers follow
Their instincts so hollow
Based on the guidance
Of insane master plans

The bliss of planning
The key of madness

Mass-delusion
Of executing parties
Leading the fallacy
Of bloody victory

Berserk Soldiers Follow
Their Instincts so hollow
Based on the guidance
Of insane master plans
Berserk Soldiers Follow
Their Instincts so hollow
Based on the guidance
Of insane master plans

The bliss of planning
The key of madness
The bliss of planning
The key of madness

No matter how doomed they are
They shall kill 'til their own death
