[Music: T / Lyrics: G]

Gaining more property  
For your social value  
Losing inner self  
Not needed to succeed  
Urge to get filthy rich  
With inhuman deeds  
Taken from your dull life  
That does not exist anymore

[2x] Sell your soul and die alone

Gathering money for your safety  
And to increase your assets  
Giving no help  
To the underprivileged  
Joy was not gained  
Only the hollow pain  
Being afraid of losing  
Your stolen wealth to the thieves

[4x] Sell your soul and die alone
