An arrogant bastard you are, without value you lie your
life

Your spineless core is in a fragile crust

Strongman - Moron

The acts of violence you share can not be reasonably
explained!

Strongman - Moron

You beat and get beat again!

Days are passing, weeks are going by, more numb and
idiot you will be

People around are changing every day, leading into
being alone and isolated

Still you will beat to gain more respect, adored you will
be

But some day the bastards around will make you suffer
like you do it today

Strongman - Moron

You beat and get beat again!

Days are passing, weeks are going by, more numb and
idiot you will be

People around are changing every day, leading into
being alone and isolated
