I shall become,  
I will be  
The main event  
Of the human race

My ways of evolving are superior  
To any other being alive

And when I die  
Everyone shall mourn  
Everyone shall hope  
That I will come back to life

My ways to evolve  
Are superior  
To any other  
Being Alive

And when I die  
Everyone shall mourn  
Everyone shall hope  
That I will come back to life

They want to be  
They want to become me  
To be  
To become me  
To recreate superiority  
To be  
To become me  
To recreate super-humanity
