[Music: Q / Lyrics: G]

Stealing from your family  
Destroying your security  
Safety of our well-being  
Torn by your dishonesty

Traitor

Free education  
Made with high taxation  
Gives total equality  
Full of possibilities

Traitor

[Bridge:]  
Supporting black economy  
Run by organized crime  
Eating up the cornerstones  
We have based our lives

[Repeat bridge]

Traitor

[Repeat 2nd verse]

Stealing from your family  
Destroying your security  
Safety of our well-being  
Torn by your sickness and total dishonesty
