Counting the time
Waiting for the crime
The loss of innocence
A faint reminiscence

I'm in the twilight
Surrounded by the night
The memories have been disgraced
The scene is still unchanged

I praise the song of defeat
I am the bottom and he's the summit
A sorrowfull farewell
Where does salvation, does salvation dwell?

I keep stil
I am trying to feel
The hate that's within you
I'm going to win you

I was mistaken
I was forgotten
Unbroken silence
Absolute violence

I praise the song of defeat
I am the bottom and he's the summit
A sorrowfull farewell
Where does salvation, does salvation dwell?

The time is near
The message is clear
The battle will be fought
Fight now, Fight now!

Counting the time
Waiting for the crime
The loss of innocence
A faint reminiscence

I'm in the twilight

Surrounded by the night
The memories have been disgraced
The scene is still unchanged

I praise the song of defeat
I am the bottom and he's the summit
A sorrowfull farewell
Where does salvation, does salvation dwell?
