a vision comes true  
a dead man that returns  
a mythic horse pronounces him  
as an emperor returned  
followed by black moves  
contrast the white horse  
aliens' dark motives  
the army of the beloved  
thousand waves swallow him  
dance under the grey skin  
shades get life and follow him  
archon - the shadows call  
archon - the planets call  
the echoes in the other world  
"emeron, i'm over all"  
the chapter goes right  
the prophecy will be done  
time signed the last king  
who's buried under ice
