Aclo Savaoth soth  
The final chapter  
Winds of chilling mayhem  
Reborn through uman blood

Narahousa raped and disgraced  
Singing ancient necropsalms  
They trespass with no fear  
The mystical acheron

Marking the point of voris  
In the dust of IBN Gazi  
They wait in silence  
The cryptic sacrifice

Transformed into the winged leizard  
Floating in distant unkown zones  
Learning the parallel of Y'R  
To welcome the great whore of babylon
