Shall I tell you the legend?
About a garden wearing is black
I'll tell you about the whispers
The dark eyes of the night

Moonlight is the brightness
Before each dawn
I lose my beauty
I lose my light

Full is the night
Fullfills my mind
The painters, the stars
Mix black with white

Paint all trees
The flowers
The waters
Full colour is the night

Free ride in the wind
With the queen of the night
Under the spell of her cold eyes
I dressed all i dress

Full is the night
Fullfills my mind
The painters, the stars
Mix black with white

Smell my difference
See my only love
Take no colours
Mesmerized in night

Paint all trees
The flowers
The waters
Full colour is the night

Full is the night
Fullfills my mind

The painters, the stars
Freeze the night

Smell my difference
See my only love
Take no colours
Mesmerized in night

Moonlight is the brightness
Before each dawn
I lose my beauty
I lose my light

Full is the night
Fullfills my mind
The painters, the stars
Mix black with white

Paint all trees
The flowers
The waters
Full colour is the night
