Great dilemma
Detestable thoughts
Non-existing facts
And it's the grief that accompanies you

Life and death are struggling
The outcome is wavering
The decision is ours
But the truth escapes me

The sadness of bereavement
The loss of innocence
Hate made an untrodden path
Of my soul

I walk lightly
Trying not to wake
My sleeping consciousness
Trying to resist myself

I want to be alive
But my soul is asleep
I want to be alive
Do we learn,
Do we fight,
Do we die - now?

The fate has schemed
Against us
The fate has schemed
Against us
The fate has schemed
Against us
The fate has schemed
Against us
The weak are condemned
Fear now

Great dilemma
Detestable thoughts
Non-existing facts

And it's the grief that accompanies me

Life and death are struggling
The outcome is wavering
The decision is ours
But the truth escapes me

The sadness of bereavement
The loss of innocence
Hate made an untrodden path
Of my soul

I walk lightly
Trying not to wake
My sleeping consciousness
Trying to resist myself
