Feel your sense that burns

Serve in Heaven or rule in Hell  
Serve your instincts or reveal the sense  
Inhale the fear or spit the distress  
Blind on tear or behold the revenge

See your soul that melts

Enlight your soul with fakes / Foggy hopes so gray  
Believe your senseless pain / Rise up the lambent  
flame  
Feed your ignored will / Being ingratiated  
Name the soul's existence  
As a son without birth

As a son without birth  
As a flame without blaze  
Name your soul's  
Existence as a dead that is awake  
As a leaf that dying drained  
As a dream that fades away  
Serve in Heaven  
Or rule in Hell

Feel your sense that burns
