Different words, empty mouths  
Dead faces in a shadow world

I've seen one season  
I've felt only cold, I'm so alone  
Ride over, fall within  
Shadows follow me, swallow me

A face in the window  
It thinks but it's senseless

I've seen one season  
I've felt only cold, I'm so alone  
Ride over, fall within  
Shadows follow me, swallow me

It sees but it's blind  
It sounds but it's dead  
I've felt only cold, I'm still alone

My shadow, my company  
It will last so long  
Once again in my window

My shadow, my company  
It will last so long  
Once again in my window

Different words, empty mouths  
Dead faces in a shadow world

I've seen one season  
I've felt only cold, I'm so alone  
Ride over, fall within  
Shadows follow me, swallow me
