in the darkness  
of the years that went by  
I see through loneliness  
only fear pain and lies

fear can take my soul  
just like the odor of death  
changes me as a whole  
makes me hold my breath

sleep the sleep  
of the angels  
let my eyes sweep  
this beauty that excels

delicate silk all memories  
cuts through my brain  
can't see the mysteries  
that made me so plain  
they can't be seen  
they can't be heard  
just like a sin  
always there to hurt

another day has passed  
another night is here  
eternal end and start  
I sense guilt coming near

uneven fight  
me against my wills  
under moonlight  
remains only my sense  
you can break the spell  
tranquil my mind  
I had been so blind
