THE SIGN OF EVIL EXISTENCE

Oh south spirit

Remove the sea wind

Recall the first flame

Awake the beast under the snow

In three shades

The sign of evil existence

Engraved in rain

Above the circle where tyrants dwell

Summon Glohithia

Appear in the snake shape

Bring down upon me

For last time all forest's (secrets)

The sign of evil existence

In the four points of horizon

The secrets buried under smoky land

It'll take ages and ages come back

The wind is here now

The see is divided

The flame reburn inside me

The beast return in the snowy land

Summon Glohithia

Appear in the snake shape

Bring down upon me

For last time all forest's (secrets)

TRANSFORM ALL SUFFERING INTO PLAGUES

Million eyes and million souls

Never seen beyond the zone

As Charon proclaim the law

Winds come front, reveal the ones who gone

Transform all suffering into plagues

The slaves never seen beyond
Forever locked behind the rusty door
Naked suffer but they never die
In chains polluted, bless they alive
Wild annihilating riders
Made in bowels of the earth
Defend the chariot arise in tartar
On winged horses they attack
Transform all suffering into plagues
Transform all suffering into plagues
Mayhemic curses once predicted
Worthless humans beg their death
Eternal suffer miserables
The curse of Nath
The curse of Iostha
Walk through sensual rivers
An energy weakening sensations
Certainly infect the hypnotized target
Never stop to suffer
Miserables
Million eyes and million souls
Never seen beyond the zone
As Charon proclaim the law
Winds come front, reveal the ones who gone
Transform all suffering into plagues
FGMENTH, THY GIFT

Seremoth, Levino, Alchemoth

In lust time come forth

Arise from the chaos nights

Thy majesty devour the son

Thy gift deserves you

The offer of Absu

Fgmenth beloved successor

See all dreams come true

Deliver us to him

Obey in the power create me

Inside my eyes your sight

Inside my mind your voice

A silent word attack me

It's called Razal Tach

The one connect our lifes

HIS SLEEPING MAJESTY

Broken faces behind the idol

Self sacrifice believers once (betrayed)

Those who disregarded (authorities)

In deadly position they offend

The junless domain

For ages and ages

Where his sleeping majesty

Under the black sand
Skeletoned shapes look lifeless
Thrones disappear in dusty (old centuries)
Where glory hide the myth
Nothing to see those who died
The junless domain
For ages and ages
Where his sleeping majesty
Under the black sand
Invaders who follow the legends
Spread mouth to mouth
Approach the phenomically quiet graveyard
Well hidden lonny sentinels
Around his sandy dwelling
Out of date carnivorous suvivorous
They offend his sleeping majesty
The events can be said by human words
So strength so hate to those who dare
They break the frontiers and they come
Now dust of melting bones
Mixed with the Sandy land
Broken faces behind the idol
Self sacrifce believers once (betrayed)
Those who disregarded (authorities)
In deadly position they offend

EXILED ARCHANGELS

Fallen in decay

Inflowing shades

The oppressed revolt

Removed in dark spheres

Once exiled

Einthamoooo

Blessed...

In abyssia

Iria, Uthopia, come here

Believe in us and be like us

Taste the lusts and feed revenge

For those who dare exile you

Release all wrath, feel it

You're in the sixth communion

Never forget what happened

As marked you arrived

Since now

I name you under our cult

Enter the tunnel

Emit no emotion

Engaged with our hierarchy

Keep the mystic way to go

All father's treasure

The upcoming mighty contract

The sight of Therion

Incarnation

Illumination of darkness

Intuition

Angels who embraced

Attached to underworld

Proselytized in the land

They refuge

Exiled now survived

Exiled be opposed

Immigration in the Abyss

Immense to the heart

DIVE THE DEEPEST ABYSS

In front of me, the red ocean

Where no limits, no motion below

A mystic way to underworld

For million years and more

So wild call me

To fall down

Its red waves await me

Show me where I belong

Painted in colours

Mesmerised in purple

I trespass with no fear

Frontiers and doubts

Above the highest

Teach me where

All powers come from

Tonight my voice will echo in Abyss

For years falling down

The doop I'm here for

The promises beyond

A new reality I adore

THE CORONATION OF THE SERPENT

It's the day of coronation

As the years passed (we celebrate)

The ultimate unholy domination

A tribute to the serpent king

In front of king I stare

At the golden crown

Half dressed the colourfull lined skin

He bows as the crown

Adore the naked head

The serpent all time creeps

In the name of Serpent

In the name of King

At the throne serpent lay

Eat (ravenously) raw fleshes

Sarcastic pay for human tribe

Among the flames the sky eyes

Coronation of the Serpent

THE FOURTH KNIGHT OF REVELATION (I & II)

The shiniest of angel

Rebelous spirit

Everlasting power

Share the creation

Yoth Iria - unholy master

Yoth Iria - prince of fire

Into the storm he comes

Release the wrath

The glorious one

The evil dark knight

Across the moon

Freezing the desert

Seven dark angels

In seven dark lands

Be ready for his coming

In the forest of N Ga

Avoid meet with light rags

The one who list the night

The shiniest of angel

Rebelous spirit

Everlasting power

Share the creation

Yoth Iria - unholy master

Yoth Iria - prince of fire
