

Rotting Christ "Wolferá The Chacal"

Visit "[Wolferá The Chacal](#)" on MotoLyrics.com

In the messy forest
Metabolism of the wolf
Mirage of reality
When the chacal came into view
Mining of clear power
Reach manhood in pure steel
It's thundering & lightning
Beast's eyes flashed with anger
Wolferá the chacal
Walk by starlight
Wolferá the chacal
(call it misanthropist)
A dreamlike physical build
Piggish habits
The fetim race
The newcomer
A new generation
A new breed
The newly weds
Neoplasia
The tooth painted with hunter's blood
Entrancing the hunger's look
Equivalent in the book of strength
Eradicate the soul of the land
