I've turned the key to Pandora's box  
And I'll never be forgiven  
The skeletons are taking on a life of their own  
Unapologetic about all that has been hidden  
The dance of social graces exhausts me to the bone

I've allowed myself to be  
A smiling, willing victim  
To those of you in sharkskin suits who claim to be so  
Wise  
Through every metamorphosis I've taken what you've  
Given  
But when the money disappeared you left me hear to  
die

Now all I see  
All I got is me  
But that's so much more  
Than I had ever dreamed

So take in every inch of me  
I don't care if you like what you see  
I'd rather die than to live by your fear  
I'm naked now and I'm not bleeding  
I can't have your self-righteous screaming  
Cause now the day of reckoning is here

When I was a child of God  
I took a noble calling  
To never let another man look down upon my youth  
After all the self deprecating, the fasting and the  
Demon slaying  
Your ways of sin became my only truth

And now I see  
That God is me  
And that's so much more  
Than I had ever dreamed

So take in every inch of me  
I don't care if you like what you see

I'd rather die than to live by your fear  
I'm naked now and I'm not bleeding  
I can't have your self-righteous screaming  
Cause now the day of reckoning is here

Now all I see  
All I got is me  
And that's so much more  
Than you have ever seen

So take in every inch of me  
I don't care if you like what you see  
I'd rather die than to live by your fear  
I'm naked now and I'm not bleeding  
I can't have your self-righteous screaming  
Cause now the day of reckoning is here  
Now the day of reckoning is here.
