"With You"

I use to be the life of the party
Man of the hour
The one in control
Never have a question
No hesitation
Get who I want
And then I've know all
But you stolen my thunder
Taken me under
With something so real

With you I can't speak
I can't move
I can't hardly breathe
I'm a fumbling boy
Whose never felt something like this
And it's just how it is with you

I'm having light
Of the light of an angel
You may be all I've been dreaming of
I know the likes of infatuation
And I'll be surprise if this isn't love
Cuz I just want to break through
Reach out and feel you
Fall into me yeah

With you I can't speak
I can't move
I can't hardly breathe
I'm a rebeling boy
Whose never felt something like this
And it's just how it is with you

Oh I want to reach out and touch you
Feel you consume me
Fall into me

With you I can't speak
I can't move
I can't hardly breathe

I'm a fumbling boy
Whose never felt something like this
And it's just how it is with you
And it's just how it is with you
