Sanj

You threw away my love, there was no reason.  
Just cos you heard some things that don't make sense  
People ruin things when they're perfect  
Don't you know that I thought you were wiser?

I thought we had trust, you don't believe me  
I can't believe that this is happening  
You said I was the one  
But you changed your mind  
You're letting me go over Chinese whispers

[Chorus]

Whispers,  
I hear those whispers  
Those Chinese whispers  
Jealous whispers

Whispers  
I hear those whispers  
Those Chinese whispers  
Jealous whispers  
You said "she said" he said  
I don't care who said what  
I don't really trust anyone that's envious  
Weren't you the one who told me keep away,  
From people talking about things they don't even  
know?  
Well I've lost you now, it's too late  
There's no way I can get you back now  
Since you know that I've got care for my love  
This pain is killing me so softly

[Chorus]

Whispers,  
I hear those whispers,  
Those Chinese whispers,  
Jealous whispers

Whispers,  
I hear those whispers,  
Those Chinese whispers,

## Jealous whispers

Well I've lost you now [I've lost you now, I've lost you]  
Accusations are false [accusations are false]  
They can have you now [they can have you now "ohh"  
ohh]  
Memories is all I have of you [you]

[Chorus "ohh" x 6]  
Whispers,  
I hear those whispers,  
Those Chinese whispers,  
Jealous whispers
