I'm scared I might lose the heart
Cause of what all my past has done to me
To wonder in the... no more
Even though I know you're the life for me
I don't wanna see you go
Even though I pushed your love away
No I don't make you walk out my door, no
But only cause I'm so afraid, I don't know what's
happening
With my love, would you be mine
Why did you have to happen now

[Chorus]

You're the right one at the wrong time
Now my heart is like the missing person
You're the reason why my love is running
I've been running, I'm tired of running
I don't wanna be a runaway
A bunch of pictures saying that you single
Won't you come and find me cause I need you
I've been running, I'm tired of running
I don't wanna be a runaway

Whoa, oho, whoa, I don't wanna be a runaway
Been lost so long that I couldn't be found
Never had anyone that can search for me
See now I be left lonely, met her dancing weren't
hurting me
... talk down, that you coming my resistance
Love makes me so vulnerable, so I give you all of these
things
I don't know what's wrong with me,
I wish my love would let you be mine
Why did you have to happen now

[Chorus] x 2

You're the right one at the wrong time
Now my heart is like the missing person
You're the reason why my love is running
I've been running, I'm tired of running
I don't wanna be a runaway

A bunch of pictures saying that you single
Won't you come and find me cause I need you
I've been running, I'm tired of running
I don't wanna be a runaway.
