From the cradle to the grave  
from the ego to the ghost  
from the master to the slave  
the bigger - the better - the most  
so all you secret heroes  
there's a reason for cries:  
from lonely 1's to 0's  
it's just a matter of size  
from the short guy with a dog  
from the river to the sea  
from his thinkin' with the cock  
to a braindeath - remedy  
so all you secret heroes....  
it's just a matter of size
