man will come and man will go  
man will fight and still don't know  
why man must always rise and fall  
take the gun and want it all  
man of hatred - man of gain  
man of children died in vain  
man of war - what for?

man must eat and man must kill  
man must pay another bill  
man must do what leaders say  
but men believe in "their own way"  
man hits wife and wife beats kid  
kid kicks dog but the dog's too fit  
to bite the cat for a chain  
and the circle of pain

men of steel and men of pride  
do sometimes need a place to hide  
men of trust and men of black  
some men are never comin' back  
man needs money - money needs fame  
man who loses tries to blame  
the world, the stars, the rain  
and the circle of pain  
stairway melter  
lightning strikes when  
frightening shelter likes - you

circle of pain - mankind insane  
over and over - you cannot deny  
that the world's biggest lie  
does remain - in the circle of pain

man needs trouble - man needs sin  
man must play and always win  
man needs women - you ain't got one?  
well, real men hide their tears in blood  
man must walk alone but tall  
and man must hate the wake up call  
men go down the drain - circle of pain

funny how it seems to be a little bit of history  
funny how it seems to be a little bit of ....life?
