[Chorus:]

Everybody's sayin' that you're cookoo cookoo now
You gon' do it how, you should lose the doubt
Unique is the few who move to grooves of newest
styles
You and you are too into the crowd

[Verse 1:]

I grew up in Mass, I then moved to LA
I swear I saw it all, I apparently was wrong
I met so many folks I shook so many hands
I gave so many hugs, I cud forget you damn
But I won't trust me folks, uh
No matter how many blunts I smoke
Some people just stick in my brain lobotomy
Millions of faces contained inside of me
Relayin' situations racin', baton and me
Honor me by wowing me consciously consciously
Leavin' me with knowledge keys a gem that I can keep
'Cause honestly all you odd balls inspire me
And remind me that I am me
Now I can see how

[Chorus:]

Everybody's sayin' that you're cookoo cookoo now
You gon' do it how, you should lose the doubt
Unique is the few who move to grooves of newest
styles
You and you are too into the crowd

[Verse 2:]

I moved to LA, mad cartoon characters
From homeless to upscale, street performers and
actors
I've got so many cards I should start my own business
It's the home of fallen stars, who will soon be all
dismissed
Never be that he's better than that, uh
No wait cats clever to that, uh
With out whoring or sellin' a sack - pause
You ever see a black skeleton rap - jaws

Drop when that fella is that - applause
Because I'm different and hella intact - lost
In all green under the medicine cap
These sheep'll be sheep layin' dead in the grass
I shredded all my fleece so I can steadily ask why

[Chorus:]

Everybody's sayin' that you're cookoo cookoo now
You gon' do it how, you should lose the doubt
Unique is the few who move to grooves of newest
styles
You and you are too into the crowd

[Verse 3:]

I woke up today
Washed my teeth and combed my face
Poured myself a bowl of eggs
Roller coaster in my brain
Slapped the sun a high five
Played the clouds in basketball
And the people stand in awe
'Cause I'm out there after all
I'm not weird I'm just not you
No matter how many bucks I blew, uh
If you're not rare I don't f*cks with you
Son of thunder I'm a wonder 'cause I'm comfortable
Stunners shudder from the shutters 'cause I'm
somethin' new
And this rap game you ain't same had fun with you
It's a sad day when I spray that I'm done with you
But I'm sure to shine it morphin' time I'm comin'
through
With a bonafide homicide to earn what's due
But everybody

[Chorus:]

Everybody's sayin' that you're cookoo cookoo now
You gon' do it how, you should lose the doubt
Unique is the few who move to grooves of newest
styles
You and you are too into the crowd

[Outro:]

I keep meeting people,
All these crazy people
And they seem to be everywhere I go
I keep seein' more
No-body here is normal
So I just sit back
And enjoy the show
