I came in crawling
With an absent-minded smile
I had so many things un-tied that summer night
When I decided it was worth another try
Entering your heart

The clock turned seven
it was cold and then I sighed
The sort of strange considering
It was July
But it helped convincing me I had, I had to try
Entering your heart, oh yeah

Close your eyes
Don't say a word
All your thoughts must go unheard

And I have failed so many times
Entering your mind
Entering your mind

I;m not the most important one under the sun
I don't have any power
Connecting to the Pentagon
But I've got something of my pwn
that must go done
Entering your heart, ohhhh...
Entering your heart

Close your eyes
Don't tell a soul
All your dreams must be told

And I have failed so many times
Entering your mind
Entering your mind

Ohhh... Ohhh...

I have failed so many times
Entering your mind

Entering your mind (mind, mind, mind)

And I have failed so many times

Entering your mind

Entering your mind

Ohhh...

Entering your heart woah

Entering your heart

Entering your heart

Entering your heart
