I knew the minute I saw you
That we, we were two of a kind
And I knew, yea, when I danced with you
Abduct in a miracle mind

I keep my head up high
I keep my love alive
Yea, yea, yea!

You go from head to toe
This mystery has taken over me - I know
You make the true love shine You go from head to toe
There's all emotions flowing over me - I know
You make the true love shine, eye to eye

Well I've had a love that once blinded me
But now it makes me wanna cry
Well her heart is soaked with such cruelty
Her 'hello' sure sounds like 'good-bye'

But I keep my head up high
I keep my love alive
Yea, yea, yea!

You go from head to toe...
