"Cross My Fingers"

Would you scream if I tortured you?
Would you weep if you lost someone?
Could you kill if you needed to?
Cuz you crossed the line of murder

Come along and follow me there's something that I
need to show you
All the evil in my world
All the evil in my world

Everyone goes away, see how long I stay
Cross my fingers and hope to die
See you coming too, almost ready to shoot
Cross my fingers and hope to die

Could you force a knife through my skin?
Would you stand there and watch me bleed?
Would you cry at my resting place?
Even though you planted the seed

Come along and follow me there's something that I
need to show you
All the evil in my world
All the evil in my world

Everyone goes away, see how long I stay
Cross my fingers and hope to die
See you coming too, almost ready to shoot
Cross my fingers and hope to die

To die (Everyone goes away)
To die (Everyone goes away)

Everyone goes away, see how long I stay
Cross my fingers and hope to die
See you coming too, almost ready to shoot
Cross my fingers and hope to die

Everyone goes away, see how long I stay
Cross my fingers and hope to die
See you coming too, almost time to shoot

Cross my fingers and hope to die
