My mind is empty, empty
crazy legs are feeling plenty
it's what i'll do tommorrow.
Check it out, i'll lead you follow.
Less is best when your eyes are open.
let's get this fucker pumpin'
stuck in my head , can't think straight.
High roller, I'm getting my take.

My mind is empty, empty
crazy legs are insequently.
It's what you'll do tomorrow.
Check it out, my head so hollow.
Less is best when your eyes are open.
Let's get this fucker jumpin'
Stuck in your head, can't think straight.
Yours truly is stealing your fate.

Do I need to die to get my point across?
Should I fail to realize my loss?
Do I need to bleed to know I'm alive?
Should I change my ways
attempt to surface my pride?

MY HEAD'S SO HOLLOW(3X)

My mind is empty, empty
crazy legs are feeling plenty
it's what i'll do tommarrow.
Check it out, i'll lead you follow.

My mind it's logical, it's logical
I best start bleeding.
It's something masochistic, masochistic
I stopped feeling. (3X)

Should I fail to realize my loss?
Do I need to bleed to know I'm alive?
Should I change my ways
attempt to surface my pride?
