Just for the moment
I'll sit here and watch you sleep
I could stay like this and never leave
The words that you told me
I know that they're half true
Cause I don't expect the world from you

What do you want
Cause this ain't clear to me
I know that it's hard

When time gets in the way of me loving you
Just do as I say and not as I do
And give me some hope maybe one day we'll have
what we say
Maybe one day ...

Words of affection only happen when you're near
When you whisper softly in my ear
Oh oh when you're not near me
I hear nothing at all
Can you spare some time for a phone call

What do you want
Cause this ain't clear to me
I know that it's hard

When time gets in the way of me loving you
Do as I say and not as I do
And give me some hope maybe one day we'll have
what we say
Maybe one day ...

Is it too much that I ask of you
For you to wake up and play your card
You tell me one thing and do another
Will this ever move any further
It's breaking my heart

When time gets in the way of me loving you
Do as I say and not as I do

And give me some hope maybe one day we'll have
what we say
Maybe one day ...
