"Heart Ran Dry"

I heard your name in autumn air
The first time in so long
I turn around to see if you were there
A shadow is all I found
So much I missed too much to tell
Your laugh I missed the most
You knew me best more than I knew myself
More than you could know
Then why do those times come to mind
When I thought they've been left behind

[Chorus]

Oh this could be the worst part of it all
And it was me who walked away
And chose to end it all on my heart ran dry
But I can't help but wonder why

I wonder if you think of me, the way I think of you
I'd love to know but no I never will expect I left alone
I know this was a choice of mine
But why it just still come to mind

[Chorus]

But I can't help but wonder why

If I had tried hard enough
If I gotta buy with you love
Cause I know that our love was never strong enough
Nothing left for you and all my heart ran dry

[Chorus: repeat until fade]
