We're rockin' rocksteady
Like we did before
We're rockin' rocksteady
My time is all yours
'Cause you'll save me
Oh rocksteady

Push my back on the wall
It's for you take it all
My mind's running away
As we move in the light
Yes we got the whole night
As it changes to day

We're rockin' rocksteady
Like we did before
We're rockin' rocksteady
My time is all yours
'Cause you'll save me
Oh rocksteady

Lose myself in the beat
Where the rhythm takes me
Now we're losing control
Like the day we first kiss
Nothing seems to exist
Rockin' steady my soul

We're rockin' rocksteady
Like we did before
We're rockin' rocksteady
My time is all yours
'Cause you'll save me
Yes you'll save me
Oh rocksteady
Oh rocksteady

Wei baabu wei baabu baabu a ...
Babui babua ...

We're rockin' rocksteady

Like we did before
We're rockin' rocksteady
My time is all yours
'Cause you'll save me
Yes you'll save me
Oh rocksteady
Oh rocksteady

We're rockin' rocksteady
We're rockin' rocksteady
Oh we rock ... oh we rock
We're rockin' rocksteady
We're rockin' rocksteady
Oh we rock ... oh we rock
We're rockin' rocksteady
We're rockin' rocksteady
Oh we rock ... oh we rock
We're rockin' rocksteady
We're rockin' rocksteady
Oh we rock ... oh we rock
