If there's trouble under water
Deep beneath the sea
Call up harbor rescue
And we'll send rescue 3

Do you really mean it
Am I the one you'd send?
When it comes to swimming
On you we can depend

There is nothing too tough
Nothing too tough
Nothing too tough for us
The situation can make us fuss
There is nothing too tough for us

The sharks are spinning all around
There's no need to run
Call up harbor rescue
And we'll send rescue 1

Oh, I'm so embarrassed
You've really called on me
Well everybody else is
Scared of sharks to see

There is nothing too tough
Nothing too tough
Nothing too tough for us
The situation can make us fuss
There is nothing too tough for us

If you need to solve a problem
Then this is what you do
Call up harbor rescue
And we'll send rescue 2

Now you got me blushing
You think that I'm that smart
When it comes to thinking
Your skills are all to judge

There is nothing too tough
Nothing too tough
Nothing too tough for us
The situation can make us fuss
There is nothing too tough
Nothing too tough for us
