Lover arrive, lover arrive
Take me on wings into your heart
Find a new start

Ooh
Ooh

Lover arrive, lover arrive
Take me from here into your soul
We can be whole

Remember the days
We'd run away
Laughing among all the fields

You looked at me
And all I could see
Were your eyes a shinin' so real

Ohh, li, li, li, li
Ahh, li, li, li, li

Lover arrive, lover arrive
Take me from here into your heart
Then we can start
