(ferry/mackay)

Well this is such
A sad affair
Iâve opened up my heart
So many times
But now itâs closed
Oh my dear
Every salted tear
It wrings
Bitter - sweet applause
But when the showâs in full swing
Every once in a while
High stepping chorus lines
Mean iâm forgetting
Mein lullaby - liebchen
How rich in contrast
Love can be
Sometimes iâm quite amused
To see it twist and turn
To taste - both sweet and dry
These vintage years!
Lovers you consume, my friend
As others their wine
Nein - das ist nicht
Das ende der welt
Gestrandet an leben und kunst
Und das spiel geht weiter
Wie man weiss
Noch viele schÃnste...wiedershen
And now, as you turn to leave
You try to force a smile -
As if to compensate -
Then you break down and cry
