Dear hyde -  
No more can i  
Explain, iÂ´ve tried  
With words in vain  
They pass you by  
Like falling rain  
From perfect skies  
Still falls the rain  
Inside  
Hey brother donÂ´t be square  
Here it is not over there  
IÂ´m your man - iÂ´ve got it made  
You need my fire you need my shade  
YouÂ´re here hyde -  
Once more inspire  
This strangely tied  
Uncertain frame  
So torn inside  
Still falls the rain  
Two minds, one vein  
Still falls the rain  
Inside  
Hey doctor donÂ´t be scared  
ItÂ´s you and me so whereÂ´s my share?  
IÂ´m the man just move aside  
Call me mister call me hyde  
Hey lover donÂ´t be shy  
IÂ´m a single minded guy  
Better watch me - boy iÂ´m rough  
Half a man ainÂ´t strong enough  
Hey brother donÂ´t be square  
Here it is not over there  
IÂ´m your man - iÂ´ve got it made  
You feed my fire you need my shade
