I ought to hate you for these blues in my mind
What makes me love you am I losin' my mind
I wonder where I'm gonna wind up I just can't make my
crazy mind up
Too many kisses brought me too many tears
Tears that I carried with me all through the years
I'm just a broken hearted kind worry and blues in my
mind
[guitar]
I'm goin' crazy with these blues in my mind
How can you just keep on abusin' my mind
You've got a jealous heart about you maybe I'm better
off without you
Still I can't make my heart believe that it's true
Trouble with me is having a trouble with you
I'm just a broken hearted kind worry and blues in my
mind
