I'LL REAP MY HARVEST IN HEAVEN

(Floyd Jenkins)

© '60 Milene Music

I'll reap my harvest in heaven on that beautiful shore
I'll plow a field up in Glory and live in peace evermore
The world I lead to my neighbor till we meet up at
heavenly door
I'll reap my harvest in heaven on that beautiful shore

The time has come to the part from this world and
prove my heavenly word
My Maker told me to give all my crops to his children
here on earth
I'll reap my harvest in heaven...
[steel - guitar]
The time has come I must hurry along don't cry for me
when I'm gone
I'm going over that heavenly road that we all must
travel on
I'll reap my harvest in heaven...
The time has come to the part from this world and
prove my heavenly word
My Maker told me to give all my crops to his children
here on earth
I'll reap my harvest in heaven on that beautiful shore
I'll plow a field up in Glory and live in peace evermore
The world I leave to my neighbor till we meet at that
heavenly door
I'll reap my harvest in heaven on that beautiful shore
[piano]
The time has come I must hurry along don't cry for me
when I'm gone
I'm going over that heavenly road that we all must
travel on
I'll reap my harvest in heaven...
