Dobro

We were strolling along,in old lovers lane
The stars they were twinkling above
the moon was so bright,when i asked you that night
Would you grow in my garden of love

Chorus

Im planting a rose,in my garden of love
it's a blossom with beauty so rare
the flower i love,that blooms in my heart
and you are the only one there

harmonica

You'd promised you'll be,my flower my love
It's beauty will not wilt away
you would always be there ,in my garden of love
and i'll cherish my darling away

chorus

So im planting a rose,in my garden of love
it's a blossom with beauty so rare
the flower i love,that blooms in my heart
and you'd be the only one there
