What are you gonna do with me?  
I knew it from the start, you see  
Where I'm goin', who I want to be  
I never thought I'd see the day  
You'd take a step right in the way  
You'd say you're sorry, what else could you say?

I feel your eyes, I wish your lips  
to take away the bitterness  
from all the stress and change whats on my mind  
You bruised my knee, then don't call me  
I even worry in my dreams  
And all the colors soon just fade to gray

I know it sounds so crazy  
You don't do that sort of thing to me  
And even though you're shaking  
Maybe this isn't so crazy

But with your poetry inside  
It trickles out, you try to hide  
All the pain I know it's coverin'  
Now you're torn, you've just been robbed  
Of your heart that used to throb  
I hope I can keep your mind off him

I know it sounds so crazy  
You don't do that sort of thing to me  
And even though you're shaking  
Maybe this isn't so crazy

Although I might be singin' to myself  
I'll try to break your chains  
Yeah, there's a chance you won't be listenin'  
I just think to myself

I know it sounds so crazy  
You don't do that sort of thing to me  
And even though you're shaking  
Maybe this isn't so crazy

I know it sounds so crazy  
You don't do that sort of thing to me  
And even though you're shaking  
Maybe this isn't so crazy
