Summer '43 the man's gunnin' for me
Blue and white mean war tonight
They say damn my pride and all
The other cats livin' down the east side
Tonight there's no place to hide
Hey Marie you better grab my jack
And zip gun for me
'Cause I'll face no shame
Tonight's the night I die for our name
Well when we hit downtown
We start to throw down
We end up doing time
Soon as they've met us
They're out to get us
So I stick with that gang of mine
