You never wanted my love  
You just wanted me for the fun  
I let you play with my heart  
I wish I'd known better  
You said we'd shine forever more  
But you left me in the cold night  
I always will remember  
I know I'll never be like you  
I'll never be like you

For the shit you put me through  
Hear my last promise I'll make for you  
I'll never be like you  
I'll never be like you  
For all the nights I'd wait for you  
While you were out finding somebody new  
I'll never be like you  
I'll never be like you

In the shadow of your life  
I knew I'd never be the one  
No matter how I tried to be right  
To you I've just always been wrong  
I would sacrifice my heart  
and give love just another life

Oh yes I still remember  
I know I'll never be like you  
I'll never be like you

For the shit you put me through  
Hear my last promise I'll make for you  
I'll never be like you  
I'll never be like you  
For all the nights I'd wait for you

While you were out finding somebody new

I'll never be like you

I'll never be like you

I'll never be like you

Never be like, never be like you

You never wanted my love...

For the shit you put me through

I'll never be like you

I'll never be like you

For all the nights I'd wait for you

While you were out finding somebody new

I'll never be like you

I'll never be like you

I'll never be like you
