Everything cool  
Ya man

Another  
One other  
Two but  
Three, go  
Wanna get up to a hundred

There she go, busy  
There she go,

There she go, busy, busy  
There she go,  
Kiss me, that's what I'm selling boy  
Find there is no rude boy down the B.B., rockin' you,  
rockin' you like

There she go, busy  
There she go,

Another  
One other  
Two but  
Three, go  
Wanna get up to a hundred  
Uhm  
Yo  
Speak

I say

No fun baby  
No place to be  
Dancin' and drinkin'  
You and me  
And it drives me crazy  
Maybe I'm just an half grown boy  
This town for me is a broken toy  
And it drives me crazy  
Here comes that thunderstorm again

My temperature's risin' all in vain  
And it drives me crazy  
Goodbye Paris, I'm leavin you  
Nothing they said about you is true  
They say that you're the city of joy  
They say that you're the real McCoy  
Don't wanna be your lonely boy  
And it drives me crazy  
Drives me crazy

Like a harpoon merchant I worry too much

No fun baby  
No place to be  
Dancin' and drinkin'  
You and me  
Maybe I'm just an half grown boy  
This town for me is a broken toy  
Here comes that thunderstorm again  
My temperature's risin' all in vain  
Goodbye Paris, I'm leavin you  
Nothing they said about you is true  
And it drives me crazy (Drives me crazy)  
Drives me crazy  
Drives me crazy  
Drives me crazy

Here comes that thunderstorm again  
My temperature's risin' all in vain

(Drives me crazy)  
Drives me crazy  
This town for me is a broken toy
