Tonight the power that is in control of all  
Will weaken and vanish to be  
Unite in flower the thorn is standing tall  
In haze there is no spell to make your sanity withdraw

In darkness the truth of life is waiting  
The secrets of why we were born  
A fire that burns within us all  
Get out there and answer the call

So enter the mist it all comes so clear  
I stay for tomorrow I hope you'll be here  
We hide from the sunlight 'til morning draws near  
There's nothing to fear

So now I see you, you're deep within my reach  
Remain here until we're alone  
So just let it all flow don't let creature decide  
Don't let you conscience stand in your way

Feelings that you've kept a secret for so long  
Are finally about to be freed  
Your heart is speaking loud emotions flying free  
Will they be answered in time

So enter the mist it all comes so clear  
I stay for tomorrow I hope you'll be here  
We hide from the sunlight 'til morning draws near  
There's nothing to fear

So enter the mist it all comes so clear  
I stay for tomorrow I hope you'll be here  
We hide from the sunlight when morning draws near  
There's nothing to fear

I just can't resist I just want you near  
For now 'til tomorrow 'til sunlight is here  
For now and forever please hold back that tear.  
The vision is clear

Please enter the mist
