I see your power's growing stronger
You can enjoy it longer go take another swing
Your lies might be a great improvement
Of a silly, pointless movement
That doesn't mean a thing

A dog behind the fence,
No pride no common sense howling
Regardless any hype
A simple ruthless kind
Knowing that he'll be gone overnight
Overnight

Alright, you had your feelings padded
And getting better at it
Well, colour me impressed
Your heart is turning meaner colder
As you are growing older
Now back in line with the rest

Of you some empty shells
The kind of garbage hell's waiting for
No conscious no remorse
It can't get any worse anymore

Life is cruel: go on rule
Such a fool you're a king for a day
Time will come, you'll be gone
Everyone, every king for a day
You can run, you can hide
Never mind you're a king for a day
Here's the end and it's fair
Cause you were just a king for a day

Take a closer look around
Life's already wasted
Ask yourself do you believe that someone can replace
it
Do you really think it all will go away in a single day
A single bloody day?

Why, What goes round comes around

Lose your head and lose your crown
Now you're going down

Life is cruel: go on rule
Such a fool you're a king for a day
Time will come, you'll be gone
Everyone, every king for a day
You can run, you can hide
Never mind you're a king for a day
Here's the end and it's fair
Cause you were just a king for a day
