Images of winter gently move  
Fallen, golden leaves.  
Sun is hiding far behind the roof,  
Knowing what it means  
Days are getting shorter, I can see  
Chilling tears of fall  
Running down for you and leaving me  
Out here in the cold  
Since you left whatever I would do -  
Nothing comes out right  
I'm fighting through another lonely day,  
Another sleepless night.  
Dreaming 'bout wings to fly away  
But as I was told  
Brokenhearted can't, they're cursed to stay  
Out here in the cold  
This change of a season is over and done  
Won't look for a reason... just sad that you're gone  
Every single word you've ever said  
Is ringing in my ears  
Making me remember what I had.  
This burning trail of tears  
Leading me away, into the night...  
Closer to my fall.  
Season's changing, turning off the light  
Out here in the cold  
Disappearing very slow - this line of footsteps in the  
snow...  
Spirit of my better day's living on the edge  
Be it so and let it be... 'coz as far as I can see  
There's no way to escape this season's change.
