I'll pick a star from the sky
To prove that love will never die
I know you won't give up on me
I need you baby, don't you see?

But anyway this summer trip is so hot
I gotta believe in love
And I won't erase from my life
These days when I am with you
On a summer trip

I packed my bag and walked outside
Guitars in cases feel alright
You're looking round, the guys are saying:
"It's gonna be a perfect day"

But anyway this summer trip is so hot
I gotta believe in love
And I won't erase from my life
These days when I am with you
On a summer trip

I want you to know that we can
Belong to our dreams, they're all for you
I need you to say to me:
"Anyway I love you too"

So here we are, we're all alone
The party is over, was there fun?
It feels so strange, I wonder how
The dreams are coming true right now

But anyway this summer trip is so hot
I gotta believe in love
And I won't erase from my life
These days when I am with you

On a summer trip

This summer trip is so hot I'm gonna believe in love And I won't erase from my life These days when I am with you On a summer trip

(This summer trip is so hot)
I'm gonna believe in love
And I won't erase from my life
These days when I am with you
On a summer trip
